Questions for Sunny Hersh, author of

Is it HOT in here, or am I just HOT?

and

Midlife Mamas on the Moon

These books say getting older is great, right? What's so great about getting older?

Why books about midlife and midlife sex right now?

I see that you advise women to "Lose Your Virginity after 40." How does a 40 or 50-year old woman lose her virginity?

You call Viagra the Big Blue Elephant in the bedroom. Explain?
What about the whole "going blind" scare?

What's the difference between Viagra and the other "Quicker Picker Uppers?" What's this "instant passion" stuff you write about?

Is there any truth to the urban legend about sex-starved older women?
You know, Mrs. Robinson, Stifler's Mom, that type? Why are we suddenly noticing that Stacy's Mom has got it goin' on?

There's been a lot of bad press about hormone replacement. Should women even consider HRT when their periods stop? What about the whole "natural hormone" thing?

What about testosterone – if it's illegal for athletes, should regular people use it?

Is it true that as far as sex is concerned, if you don't use it, you'll lose it?

Why do men hate going to the doctor and what can their partners do about it?

Why do you say a man's midlife crisis is worse than a woman's? What's a man's biggest fear versus a woman's biggest fear?

You're in favor of internet dating for midlifers – is it dangerous, and how is it different than when you're younger?

What's the latest on plastic surgery and Botox? If you're proud that you're older, why would you do that stuff?
